Description

Mountain views – Three Peruvian Peaks – Urus (5495m), Ishinca (5530m) and Tocllaraju (6034m). Climb of Ishinca, with a journey through the Ishinca Valley, is a popular destination for climbers who want to get to 5 or 6000 meter peak, but because of the scenic beauty, this is a great climb even if you don't reach the peak. On this hike we have a fascinating view of the massif that includes Ishinca, Urus, Tocllaraju, Ranrapalco, the Palcarajus and much more. Ishinca Traverse (5530 m / 18,143 ft)

The first day we left Huaraz to the village of Huillac. We started the walk here toward the Ishinca base camp. On the second day, we climbed the Ishinca and went back to the base camp.
